USB HUB FOR "SOUL" CABLE GROMMET

If you are short of USB plugs on your computer this application is an ideal solution.

With SISO unique plug-in USB hub solution you can increase your access points with 3 extra plugs. Furthermore it gives the end-user an easier and quicker access.

The plug-in hub is available in USB 2,0 & USB 3,0.

Works only together with SISO's cable grommet series "Soul", simply by taking out the existing lid and replacing it with the hub. The grommet can still be used as a classical cable grommet as the hub has brushes on the sides.
